# Instructions for accessing AKOATS in ArcGIS

1) Open ArcMap
2) From the File menu, choose ArcGIS Online

3) Enter AKOATS in search box once ArcGIS Online dialog opens (blue box), click search button
4) Select data layer (AKOATS – Current)
5) Click "Add" to add it to your ArcMap project
6) You can analyze AKOATS data, combine with other data, add new or proposed sites
